Help yourself. Help others who have served.

Attention Women Veterans of All Eras: Focus Group Participants Wanted

Share your experiences finding employment after separating from service. We’re interested in comparing any barriers to civilian employment you may have encountered with barriers faced by male Veterans. We’ll explore your perceptions of employment and wages for Veterans to those of your civilian friends and family to better understand any costs associated with having served your country.

How Can 60 Minutes of Your Time Make a Difference?

The National Center on Family Homelessness (The National Center) is conducting focus groups of women Veterans to explore your employment successes and challenges after service. The National Center would like to hear about your experience as a woman Veteran reintegrating into civilian work life.

If you agree to participate in this focus group facilitated by a woman Veteran you will receive:

- A gift card to thank you for your time and valuable input
- Refreshments
- A list of local resources and referrals provided at your request

On-site child care available if requested.
